We talked about what it meant to be in the ECO school team. We discussed the responsibilities of being in the ECO meeting as follows:

- We keep our classes up to date with any ECO activities that we are doing across the school.
- We help remind our class and teachers to recycle paper and pens - make sure there is a paper-recycling/pen bin in each classroom. ECO monitors to take responsibility to empty paper bin with adult support. Mrs Murphy to talk to staff about recycling pens etc.
- We help remind teachers to save electricity by turning off light switches when we leave a room or put computers on standby by turning off the screen (especially at lunchtimes).
- We remind our class about walk to school, ensuring they have all signed in and help promote active journeys to school to help pollution. ECO team discussed current badges system (too much plastic). Different ideas to be thought about.
- ECO monitors to ensure they have regular litter picks, encourage all children to help.
- ECO teachers to organise a trip to St Peters to recycle the pens. Teachers to complete EVOVLE risk assessment before trip.
- Infants to find a space to display ECO matters.
- An ECO Code to be agreed for both schools - bring to next meeting.
- Green day organised for both schools on 10th June 2020
- GYGUp's Gardening for both schools at the infants on Saturday 14th March 2020.
- Infants to order ECO badges.
- ECO team to design and complete an ECO newsletter termly - aim to have one completed for end of Summer term.

Date and time of next meeting - TBC
